

**Monday, 30 November 2015**

**Dear Parents and Carers**

Your child, \_\_\_\_\_ has been selected to enter the Primary Maths Challenge this year. This is a national competition, run by the Mathematical Association, designed to stretch and challenge learners whose maths is a particular strength. This is, of course optional and I have attached a previous paper to this letter so that your child can see what the questions are like before agreeing to take part. If your child achieves a certain score (which changes each year) they may be invited to take part in subsequent rounds but all competitors receive a certificate for taking part.

The paper will be completed in school, supervised by me and will be on Thursday 19<sup>th</sup> November in the afternoon.

There is no pressure to compete and if your child decides this isn't for them then please let me know by Monday 9<sup>th</sup> November so that I can allocate the paper to someone else.

**Yours Sincerely**

**Rebecca Abbott  
Maths Subject Leader**
