

3<sup>rd</sup> September 2015

Dear Parents

Hope you and your family have had a lovely summer together.

We are looking forward to teaching your children in Year 3 and hope they are ready for an exciting term. Our topic this term will be Over Ground, Under Ground where we will be looking at forests, rocks and life starting with the Stone Age.

Some general points for this term: PE will be on Tuesday afternoons, please remember that the PE kit needs to be in school and should be a white t-shirt, green or black shorts and plimsolls or trainers.

Swimming will be on a Thursday. 3P will swim for the first half-term and 3L for the second part of the term.

Homework will be given out on Fridays, please could the books come back into school on Wednesday. This is a good opportunity for your child to share with you the work we have covered in class.

Now in year 3 your child may not always bring home a reading book. It is important to continue their reading experience for pleasure by reading to or listening to your child on a regular basis to continue their development.

We do appreciate your continued support with your child's learning.

Kind Regards

Mrs. Pennock

Miss Lavender
