

Takeaway Homework Menu

This is your homework menu for this half term.

You need to complete a starter, main and a dessert to make a whole meal. Hand it in whenever you like before 12th February.

If you have a large appetite, you might want to complete more than one of each course.

Extras:

- The sides (reading) should be completed **as often as possible**.
- We'd also like you to tell us about the extras you do out of school — clubs, lessons, visits and sports
- A salad bar is available in the classroom to support basic skills.

starters

Make your own matching game or flashcards for one of the below...
Number bonds to 10 or 20, halves and doubles to 12.

Draw and label a picture of your house.

Improve and add to the sentence below...
(using wow words, verbs and a connective)
Ted got a new puppy.

mains

Create a book for a younger child to enjoy. E.g. write a story.

Find out five facts to share with people at school about Christchurch mansion in the Victorian times...
Who lived there?
How long did they live there for?

Create a diorama of your favourite book.

Make a cake with an adult, but make sure you do all the weighing and timing yourself.

When you are next at the shops see if you can pay using coins. Can you work out the change?

 Create your own homework "main" - link it to this term's topic: Houses and homes.

sides

As often as possible, share a book with an adult (read to them and/ or have them read to you). Ideally, do this every day.

Tell us about your out of school activities - trips out, clubs, lessons and special events.

Why not visit our **salad bar** where you will find tasty times tables, succulent spelling activities and lots more!

desserts

Make a puppet and make up your own puppet show.

Visit a local library (join) and borrow a book by your favourite author.

Write hello in five different languages. Find out how to pronounce them.
